

Grout Protector Aerosol

Description

Nicobond Grout Protector, protects your grout from stains and spills and minimises water penetration. Using this product will help keep your tile & grout looking in its original condition.

Features

- Protects from stains & spills
- Helps to maintain tiles to their original condition
- Reduces the need for re-grouting
- Suitable for all tile types

Application

- Prepare the surface using Nicobond Grout Cleaner.
- Ensure the surface to be sealed is thoroughly clean and dry.
- When applying the product please ensure that you avoid contact with skin and eyes. Avoid inhaling any vapours.
- The product should be tested on an inconspicuous area prior to application.
- Ensure the working area is well ventilated.
- Shake the canister well. Apply an even spray. Wipe off excess or overspray. For grout lines spray 10cm away from the surface. For tiles and grout lines spray 15 – 25cm away from the surface.
- To test the area is sealed correctly, sprinkle a little water onto the surface, if it stays in droplet form then it is sealed, if not apply a further coat of sealer.
- Dries within 1 hour and fully cured within 24 hours.

Important

Do not use near vinyl, suede, leather, rubber or solvent sensitive surfaces.
