Product Data Sheet

Standard and Fire Retardant Protection Board

Description

A twin walled, Standard grade and Fire Retardant grade, durable fluted polypropylene Protection Board offering tough all round protection on the construction site.

Uses

This functional board is ideal for protection of new tile installations, kitchen fit outs, work tops and other critical areas including windows.

Features

Excellent impact resistance

Guards against splashing

Lightweight

Easy to cut

100% waterproof

The white/translucent board allows transmission of light making it ideal for window protection

LCPB Logo and Certificate Number printed on every board.

Application Data

Colours :	Blue and White/Translucent
Sheet Size :	2440 x 1220mm
Roll Size:	50m x 1m
Thickness :	2mm
Density :	250gm/m ²
Joining Tape :	D8018610 Silver Protection Board Tape 50mm x 50m Roll.

Fire Retardant Grade

The Fire Retardant grade is approved to LPS 1207 and meets the stringent quality control standards of the LCPB (Loss Prevention Certification Board). This caters for the increased concern of combustible materials fuelling fires
