# Why Choose N&C PVC Wall Panels?

## Durability & Low Maintenance

N&C PVC Wall Panels offer an exceptionally durable and low-maintenance option for bathrooms, wet rooms and commercial areas. Designed with a robust structure, these panels minimize joins and dirt traps, making cleaning a breeze. Their waterproof surface is resistant to mould and moisture, ensuring long-lasting hygiene and cleanliness.

## Contemporary Aesthetic

Available in a variety of contemporary colours and finishes, including marble and stone, N&C PVC Wall Panels allow you to create a stylish and modern design. Whether you prefer a calm and relaxing atmosphere or a bold, dramatic effect, there is a design to suit your aesthetic.

## Hygiene & Maintenance

The hygienic properties of PVC panels further enhance their appeal. Made from non-absorbent materials, they are designed to prevent mould growth and are easy to clean-requiring only warm, soapy water for maintenance.

## Design Flexibility

N&C PVC Wall Panels offer versatility for both domestic and commercial applications, being suitable for both wet and dry areas. Their realistic natural effects provide an elegant finish at an affordable price, making them ideal for transforming any room. Combining bold colour palettes, traditional and modern designs with exceptional durability, N&C PVC Wall Panels ensure you can achieve the perfect look for your space without compromising on quality.

## Installation

One of the stand-out features of N&C PVC Wall Panels is their ease of installation. The lightweight design allows for quick handling and fitting, even without specialist skills or equipment. Panels can simply be installed over existing surfaces, including tiles, significantly reducing installation time and costs.

Whether installing N&C Allure Shower Panels using their interlocking tongue-and-groove edges or fitting N&C Pure Cladding with their colour match joining trims, N&C's PVC Panel Collections create a seamless look without the need for grouting.

Our wall panels are available in full height floor to ceiling formats for reduced lines.
